Nano, You and Nana created the family that I grew up with and grew to love. I was always amazed at family gatherings because the size of the family that had gathered together through both love and marriage, and how we were all centered around the love that you two shared. Nano you are one of the reasons I have come to honor and cherish my Italian heritage. I will always admire the life you lived and all that you accomplished. I will always love you and will never forget you.

Nano, I can not recall a single moment from my life that you were not an integral part. From picking me up at school when I was a little girl or walking into my home hands filled with food, ready to party. You always had a smile and laugh that would light the room. To say you will be dearly missed just doesn't describe the loss we all feel. I feel particular comfort knowing you are in the presence of your Parents and Siblings, all watching over us. Thank you for all you have taught me through my life. You are loved now and always. Your Granddaughter, Christina
