After a REAL hard day for me , Wishing I could get to Tampa to say bye to you for the last time , you were MY BEST B***H !!You were my eyes and ears and my mouth ! My back was the last thing I needed you to cover but you had that time and time again !!!!! You have been gone only a few days and all I can think of is your smile (every time we were together all we did was deal with the bad times and find a way to laugh !! I'll miss that smile and the way you always understood how my Tampa family drove me crazy !! You will be missed more than you or your loved ones will ever understand !!! Thank you for the rainbow tonight , and this is the sunset we got tonight ! Thanks for finishing the circle When Gene, Mom, Roy ,Larry , and David , all died I saw a rainbow and you , without fail you did the same !!! Thank you for being a part of my family for longer than I can remember !! And for watching over my Mother and Brothers and ME tell you took your last Breath !! I WILL NEVER FORGET ALL YOU HAVE BEEN TO MY FAMILY AND MOST OF ALLTO ME With all the love I can send !!!!! And wishing you all the peace you can find with all the numb nuts you will find on the other side. Love you girlfriend !!! Kimmy

You and I were great friends for many years and that in itself was a tremendous thing. It was a privilege to have known you and I was honored. To have laughed with you till we cried and had to catch our breathe only to look at each other and bust out laughing again. This memory I will carry me with a smile and many more. Thank You for the friendship and what you meant to me.
