I was very sad to hear of Bruce's passing. I met Bruce when I was the field service engineer for Digirad in Florida. He was a wonderful person. The circumstances in which I came in contact him were not always the best but he was always nice, helpful and made me laugh. He was admired by all of us hear at Digirad for his excellent skills as a technologist who cared very much about all of his patients. Bruce was smart and very interesting to talk to. He will be missed greatly.Nancy Bailey

I was so sorry to hear of Bruce's passing. I was one of the fortunate girls that got included on discussions about politics, world events, wine, and food with Bruce, Steve Smith and my husband Curtis. Those were incredibly happy and eye opening times. Bruce was brilliant and I learned much about the world from him. My husband visited him often and Bruce was one of the few men my husband admired and respected. One of my fondest memories is how Bruce would always save key limes for me so I could make my pies. Yes, Bruce was gruff but underneath that gruffness beat a heart of gold. He was kind to me, kind to animals, and very sweet. My condolences to his family. I will miss Bruce very much.

My condolences to the Robb family. I met Bruce in my clinical training and remember some of the informative as well as funny things he told me. Through the years I got to catch up with him at FNMT meetings and he always made me laugh. He also had a serious side and took an interest in his patients and family. So sorry for your loss.Stephanie Spear Sloan
