Loss of Mother Poems
Mothers are faithful companions and confidants even in the most difficult times. Mothers dedicate their lives to caring and providing for their children both physically and emotionally. They always seem to know how to help them to overcome problems and thrive in spite of them. A mother's love is irreplaceable, which makes losing her to death an incredibly painful experience. While sons and daughters of all ages carry within their hearts a dull and lasting ache where they once felt love and security, it is important they continue searching for the happiness their mother always desired for them. Your Mom loved you very much.

I know this wonderful woman since I was about 11 years old, I could say all my life. She was a strong independent woman who made a life for herself working hard every single day to provide for her three daughters. She will be missed so much by so many but, will never be forgotten. Chinnie, thank you for always making sure I was on the right side of the tracks, for keeping us all safe when we thought we knew it all. I wish I could've made it to see you and pay my respects but, I know in my heart that you would understand. I know you are finally resting after struggling with your health for so long, may you rest in peace and know that the individuals you are leaving behind will forever carry you in their hearts. I love you Chinnie be good, be careful and I know one day we will all see each other again. Love, Rosario
