Dear John, Miss you more than I can say. Today makes a year that you left me and your children and grand children. We miss you terribly. I cry like it happened just now. You always asked "do I love you" well if 46 years is not proof then nothing is. I will love you until we meet again. I thank God I met you and shared our memories together. We had our ups and downs but always managed to stay together. You were a wonderful and generous person, always giving to those you love especially your children and grand children and me. I will always treasure our many memories. Our vacations, our family get together s and especially the rides to Hard Rock! I miss those special moments we spent alone and the many talks we shared. So until God calls me, I pray one day I will see you again ... Somewhere in Time. Love your Spanish Flower Linda

My dearest husband, I have missed you so so much! 6 months ago we lost you. God needed you. There is not a minute, an hour of each day that I don't think of you. The memories is all I have now until we meet again! I will never love another man like I have loved you. We had so many talks about the future, but little did I know I would loose you on April 3rd. Like will never be the same without you. You left too soon and broke my heart! I know you are at peace now and have no pain, for that I am ok. I know you suffered everyday. So God knew he would need you in heaven. I will do my best to honor who you were, you were loving and cared deeply for your family, especially your children and grand children. You were generous with everyone. I will do my best to let everyone know the man I met and knew! There will always be the end of the day when I am at my lowest without you and cry. There is nothing I can do but to move on and be lucky I was yours for 45 years. I will love you forever my love. Your Spanish wife Linda.
