Thoughts and prayers to Anne and family. I remember when Coach Howell called him "Superman" at the awards banquet. More powerful than a locomotive (struck out 20 of 21 batters in a game) Faster than a speeding bullet (everyone knows of his speed) and able to leap buildings in a single bound (this is when he jumped over the catcher in the state semi finals to score a run) Not only a great athlete but an all around good person. RIP in Peace Gary ...

I used to pal around with Joey and Gerard Errico back in the hood, and that's how I came to know Gary more back in the 70s. He was a cat with a million stories, one wicked sense of humor, and a Howitzer cannon for an arm. Rest in peace, my brother . . . you've earned it.

Gary and I were ball playing buddies since we were 9 yrs old. We went to Lois, Pearce and Leto together. We played on many a team together and many all-star teams together including Leto. Where we both participated in football, track and baseball. We hit back-to-back homers as all-star team mates and I was lucky enough to hit 4 home runs batting against him. I wish we would have stayed closer it was me that moved all over the states as Gary made his mark in Tampa. Rest-in-peace Gary. I will truly miss you!

Although I only knew Gary very briefly when we were both at Leto, I remember him fondly and as I have traveled around the world as an adult I have often mentioned his name in the telling of some of my stories about my time in Tampa. He and I crossed paths through our love of baseball and we played against each other in the Town & Country league. Gary was the best player in the league, in my opinion, and as a pitcher, he was the hardest guy to get out of anyone I ever pitched against (sorry Danny). He was also the fastest runner I ever played with. I remember when he got a walk to first base he would take off running and never stop at first base - he was headed for second before our catcher (Lanny) could throw the ball back to me. I also remember after graduation going to a try-out that Gary was at for the Yankees, if I remember it correctly. He was a great athlete and a funny guy. I wasn't close to Gary, since I was a new kid in town and didn't grow up in Tampa, but he was always nice to me, he told some funny stories, and he was always smiling and laughing. I remember him with respect and appreciation. Thank you Gary for being nice to me during our short time together. My condolences to your wife and family. Rest in peace. Don Pearson.
