Dad it's a year and it's still hard not seeing you at the house or in the truck..I know I can sense your presence and you know I'm always talking to you but doesn't make it any easier. Nate and Madisyn are growing so fast..makes me feel time is so short..I always think about the past-apple picking or helping you up at the shop when I was little..I just wish I had a little more time while you were here. I'll be taking Nate fishing this week and remember you in a special way. I love you Pa.

Dan would prefer to have everyone "pay it forward" through kind deeds. Throughout his life he generously gave openly and freely to ANYONE in need. His heart was huge and it gave him boundless joy to help others. He was a true servant of the Lord. My wish as his daughter is for all those who knew and loved him to honor his memory by treating ALL people with kindness and love and to be helpful and uplifting whenever possible. Smile and bring joy to others and he will be thankful. I love you Pa!

My thoughts and prayers to the entire McMullen family. I will always have great memories of the years of friendship, I have been so lucky to have shared with Dan. We have traveled to the Dominican Republic, as well as Cancun Mexico. Spent many years working on cars together, riding Harley's together. We spent many times working on projects together, including fixing up his dad's boat. We loved going out fishing together... I will never forget you Dan, you will always be in my thoughts. Rest easy my friend, until we ride together again one day. Love ya brotha, Brian.
