One night I dreamed a dream.  
As I was walking along the beach with my Lord.  
Across the dark sky flashed scenes from my life.  
For each scene, I noticed two sets of footprints in the sand,  
One belonging to me and one to my Lord.

After the last scene of my life flashed before me,  
I looked back at the footprints in the sand.  
I noticed that at many times along the path of my life,  
especially at the very lowest and saddest times,  
there was only one set of footprints.

This really troubled me, so I asked the Lord about it.  
"Lord, you said once I decided to follow you,  
You'd walk with me all the way.  
But I noticed that during the saddest and most troublesome times of my life,  
there was only one set of footprints.  
I don't understand why, when I needed You the most, You would leave me."

He whispered, "My precious child, I love you and will never leave you  
Never, ever, during your trials and testings.  
When you saw only one set of footprints,

I am so sorry Caryl. 😞❤️❤️ Sending much love & prayers your way. I am glad he is no longer suffering & at peace. I know he would not have wanted to continue living & being so sick at the same time..... My fondest memory is of course being part of your Wedding & you both coming to mine. As far as fondest memory with him & myself, was one night we had been at Jonathans, I think it may have still been Crab Cove, we had many drinks & came home & woke up half the neighborhood, singing "Waiting for a Star to Fall", at the top of our lungs, & dancing & laughing at ourselves the whole time. My Mom yelled at us both until she finally got us in the house. We would talk about the night often & laugh so hard every time!! RIP my friend, "OLD FART", I will miss you but will always remember you. 😞😞❤️ My heart is broken.
