I am so sorry to hear of her passing. You just found out! She was a Resident of mine at a community I managed, Arbors at Carrollwood. The team of Arbors loved Aida. She was so friendly and we spoke to her often. She knew I liked to read so she brought me endless supplies of books which was so thought. She cared so much about the community and I told her we nominated her The Mayor. She loved to share stories of her son, who preceded her, and her family. She also loved talking about her job and how she loved working. She was so cute to offer to be a notary for other Residents and when we would call for her service, she would proudly come down with her notary box. She was a energized and wonderful woman. Many prayers to her family. Kelly

Aida was the absolute best Office Manager I ever had the privilege of working with. She ruled us with her very fair hand, and we all loved and respected her. So many wonderful memories with Aida and Connie at lunch. Your mother was such a bright light to me and I loved her dearly. May she rest in peace for all eternity. God bless you and keep you during this time. My prayers are with everyone who is grieving for this beautiful woman who inspired so many of us to be better people. The City of Tampa has lost a great lady.
