What can I say about a man, who although technically a neighbor, along with his wonderful wife Vita and his 4 precious children, was family in every sense of the word. This wonderful man who always had a warm smile and a ready laugh was a fixture of my childhood..so many memories from second Sunday dinners ( after I had eaten at my own house), Christmas eve decorating the tree, BBQ's in the screened in porch and too many others to list. "Moo" is going to miss you dear man..rest in peace knowing you will never be forgotten❤️

I met Mr. Miller in 1985 having made friends with Albina. I had the pleasure of spending some holidays and other family events with the Millers. He was a super man and will always be remembered fondly.

What can I say about the man who helped raise me. Danny, and his family, was technically my neighbor but he was more like family. I always felt welcomed and like one of his precious children he adored. I was his "Moo", as he would always call me, and he was my 2nd Dad. I will miss that always ready smile, wicked sense of humor and laugh. Rest in peace dear man...say hi to your Mom Jean for me. 😭❤️

My dearest Uncle Danny, When I clicked on your picture it made me cry that I will never see that happy, handsome face again. But then I realized that you can never really leave us as the memories we have of you live on in all of us. Your voice and laughter I can hear even now shouting out Ahhhh and let's have a party!!! You have always been there and I once told you that if ever my father wasn't around to give me away at my wedding, you were the one I would turn to as my second father. I love you so much and am not sad for you as you are no longer in pain. I am sad for all of us, especially my dear Aunt Vita, my cousins and all of their children as well since your absence from our lives is far worse. God Bless you always my dear Uncle Danny, I love you forever.
