I've lived in four locations in Tampa over a thirty year period and Michele was the sweetest and kindest neighbor that I've ever had. She was always warm and considerate and would do anything for me and my two young children. She was a sweet mom to Ashlee and Brad and they were both positively impacted by her love. We saw each other a few times over the years, and as of late, we continued to follow each other's Facebook posts. Every post Michele made was either a beautiful image of nature, art or a considerate and logical comment on politics: never mean, never judgmental, just common sense thinking for the good of our country. I am shocked and dismayed by her death and I will miss her greatly, as I would a family member or a dear friend. God Bless you Michele and all who loved her. Dave Peterson

Michele will always be remembered by her co-workers for her kindness and beautiful smile; she was loved by all who knew her. Michele radiated a sense of peace around her with a soft spoken voice and kind words. I am also thankful for the reunions she put together for her Delta friends. Michele often spoke of Brad and Ashley, always with a cute story. I pray that time will bring you peace and comfort in your mom's loving memories. Kathy Prendergast Bragg

Michele and I were friends since 1977. We each had 2 children and we took many trips. She and I spent lots of fun and relaxing times together. I moved to Charleston WV in 1991 but thanks to FB we kept in touch all these years. I lost my beloved son Adam (44) to suicide in March. Michele, always a friend, was there comforting me. Such a sad sad shock to lose her. I loved her and her kids. My heart goes out to them and her sister. Rest In Peace dear one ❤️❤️

Michelle and I worked together at Delta for nearly 20 years. Our kids knew each other from school and Delta family gatherings and I consider her a true and dear friend. She was proud of her children and her Tampa heritage and loved telling stories about Hutto's corner and growing up in the family business. I don't think I ever saw her angry, unless it was because of some injustice she saw happening to someone she cared about. She loved deeply and we loved her deeply in return. It's hard to believe she's gone when she had just posted a sweet message on my FB page the day before she passed. Her sunny disposition, genuine concern and care for others along with her beautiful smile are the things I will hold in my heart forever. I miss my sweet friend but take comfort in the fact that she is in the arms of the Lord and surrounded by loved ones that were waiting to meet her when she entered Heaven. Prayers and much love extended to Brad, Ashley, and her extended family and friends.
