I remember growing up when you would come to my father's house your brother (Mike Rodriguez) to visit and celebrate Christmas. I was just a kid and I remember how handsome and smart you and your beautiful wife were!! I admired both of you! My prayers are with your family. This journey of living here and you in Heaven is a hard journey. I believe that one day we will be united again in Heaven! May God comfort and send HIS peace to your family. Love your niece Valerie Rodriguez Shaw

I remember my Abuelo as a very hard working family man. Every summer, he would take my brother and I to Disney World and we always had so much fun. He always made it a point to get on the phone and speak with me when I called. He always said "Remember, we love you granddaughter, we've always loved you"..... I know Abuelo... I know. I love you too and I'll never forget.

Growing up, I heard someone say that any good and responsible man can be a father even if you are not related to that person by blood and I totally agree with that. You may no longer be with us dad, but you will forever be my dad and will remain in my heart. I love you and miss you already. Love You Always, Shirley

I have so many memory's of Abuelo it's hard to put them into words. I'll always remember how he rarely ever wanted to talk on the phone, yet he had so much to say in the background while I talked to Abuela. When I called almost every day it was like talking to both of them. I loved that and will miss that part of my life! I loved him greatly and will miss him very much. Abuelo I love you and you will always live on in my heart.
