I loved to watch her play sports she loved softball and played for over 10 hrs! She knew how to use her wrists and standing position to kill that third base player. When she got up to bat she would hit a one bounce ground she was already past first base we played for ten yrs 6 days a week and also played some travel ball I loved her more than life itself and she left me four winning grandkids

Watching her play soccer at 7 softball was her favorite she had those wrist and timing she could hit right down 3rd base! When she hit the fall and it had one noise and she was already running past 1st base I was so proud of her she was playing some sport everyday except Sunday! Hope to see some of her teammate's! She my only child I will always think of her forever she left me four grandchildren that will always be winners to me!
