Jonathon Kristofer Lopez

APR 10, 2000 - MAR 27, 2026

Jonathon Kristofer Lopez, 25, of Tampa, FL, passed away on March 27, 2026.

Born April 10, 2000, at St. Joseph's Hospital in Tampa, FL, to Lina Lopez and Rudi Lopez.

Joni was a man of few words, but those lucky enough to know him will never forget his charming and unique personality.

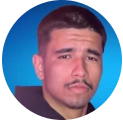

He'll be remembered for his witty remarks, and sarcasm. Joni was too smart for his own good, and always the most competitive person in the room. If you knew Joni, he was always ready for a debate with anyone on the spot with facts to back it up. He found joy in the simple things whether that was time on the basketball court, long nights of gaming or a night at the casino. As Joni would say, "put it ALL on black".

Joni loved his family deeply and always showed up when it mattered most. He was undeniably a mommas boy and his daddy's twin. He shared a special bond with his favorite sisters, gang for life. His smile was a rare sight, but he had a soft spot for his niece and nephew. Those were his babies.

He proudly served his country in the United States Air Force as a Senior Airman.

He is survived by his parents, Lina Lopez and Rudi Lopez; his step-parents, Jonathan Seth Kerr and Bianca Lopez; his sisters, Alexandra and Julianna Lopez; his niece and nephews, Violet, Mateo and Jojo; his grandparents, Trinidad Zuluaga, Diego Jaramillo, and Rudi Lopez Sr, his aunts, uncles, and a wide circle of family and friends who loved him dearly.

Joni was taken from us far too early, with so much life still ahead of him. He will be deeply missed and never forgotten.

My baby nephew....I can't believe you're not here anymore. There hasn't been a day since your passing where I haven't had to take a moment to continue to try to process this. You may have not been my blood, but you were, and always will be, my baby boy!Some memories that stick out...You never wanting a thing to do with dancing when you were younger, even though your dad dragged you to our socials countless times. And one night, when we're getting ready to clean, you slid into the circle of dancers, busting a move, and then disappearing. Like the wind! You left us all shocked. But it was one of the best moments I got to witness. You were always someone of few words, but when you spoke, you meant business. Same with this - short and sweet, but impactful.Another time when I thought your dad might rip me a new one....you having your sisters pierce your ear in the backyard while I was babysitting you guys. You kids were something else!And that one time when you put me in my place. I asked you, "how could you watch other people play video games for hours?" Your response...."same way that you're able to watch dance videos of other people". You were 13 years old. Touché little man! Touché!!m going to miss you, kiddo. And I'm so proud of you with what you've accomplished in your life. Being in the military is not something anyone could do, but you did!!! You were wiser beyond your years, and stronger than most.

Jonathon was a confident person who could speak both to peers and officers with the same surety. He surprised us all at PT when he proved to be a closet runner! He was always willing to compete in physical or sports challenges! His drive and motivation will be missed. I am honored to have served with him. My deepest condolences to his family and friends.-Major Jonathan Smythe

Joni boy, you sarcastic man. I'm gonna miss you and your charm bro. One of my favorite memories of us is when me you and Rudi went to the basketball court to play some ball and you and I gave your pops that work haha. All of our times at the casino playing poker you'd always make money and I'd always lose but it didn't matter cause I was used to that. Playing FIFA at the house and goofing off with Juls. I'll miss you tons bro Not really sure how this all works and it's been hard to process the fact that you won't be here physically with us any longer but your spirit and your kind soul will forever remain within us and through our lives. How you and I used to always tell each other, see you at the felt! love you forever bro

To my nephew Joni... You will always be in my heart! 3 experiences with Joni that will always stand out of the many we have... 1) when he was younger he would always "playfully" have a battle with me for the love of my dance partner Tanja. He would flirt and say you can do better and that when he's older she would leave me for him. Never thought I'd compete with my 10 year old nephew but he was a smooth cat and always loved a challenge. Eventhough he loved messing me, I welcomed it always ❤️ 2) During pandemic I really enjoyed playing video games with him from afar because I got to experience with him something he loved doing and was able to have very needed casual conversations often. Will miss our Uncle/Nephew gaming sessions. 3) Probably my most proud moment is dancing some bachata steps on stage during one of the festivals he attended to visit us. And on top of that to then see him take that new interest in dancing, after so many years of seeing us dance in front of him, to then teach his first bachata class at a base he was stationed at to all his fellow military sisters and brothers. I'm so proud of you Joni. Thank you for being in life and for accepting me as your uncle, eventhough it wasn't by blood! Your memory will carry on in my heart FOREVER ❤️ Your Uncle ALWAYS, ATACA ❤️
