“ I just saw this and it saddens my heart. May Danielle Rest In Peace. She was a beautiful person with such a joyful soul. I remember her love for dance and being part of our group. Even after she fell ill, she would always come watch the shows, cheer us on and support all of us. I'm so very sorry for your loss, she was such a kind and genuine person, that will always be remembered that way.

“ Just found out tonight of Danielle's passing. We were best friends in high school & part of college. Unfortunately, we lost touch. She was always the sweetest & kindest person. Some of my favorite memories with Danielle was going with our dates in a group to Prom, going to see Matchbox 20 with her and driving to Cocoa Beach to (TRY) to learn to surf, to simple dinners out. She was a very special person and my heart breaks to hear of her passing. R.I.P Danielle.

“ My dear sweet Danielle. It was a beautiful service for such a beautiful woman today. I'm sorry I was unable to be there for you my love. Your brother Chris, Aunt Colleen and Dadder Dean said some beautiful words for you. Your brother shared the memory of you when you were in rehab after hospital and you asked him to join you on a walk which was part of your daily rehabilitation, he said he was so proud of you and he'll always remember you as such a fighter! He said the love between you and him will never die. I remember how happy you were when Christopher came to visit you that time you told me it made you so happy to see him and spend time with him and it motivated you! I know how much you loved your brother Chris and how proud you were of the man he had become. Your dad said some beautiful words on my behalf and I'm forever thankful for that. I was so happy to see all the family and friends you attended to show their love for you and I'm sure they're all hurting and will miss you incredibly. I am happy I got to see you one last time my love, you had Teddy right there with you like you have had for the past four years. I know he was a part of me and gave you so much strength, love and support. Many nights I talked to you either on the phone or video call until you fell asleep, you always said I comforted and relaxed you so much. Seeing you today you looked so peaceful and just like all those times I got you to fall asleep. I remember I would stay on the phone and listen and watch you breathe for a few minutes to make sure you were ok and sleeping well. I'd tell you I love you very much baby! I hope you sleep well and have sweet dreams my love! I know that you are no longer in any pain and suffering, you are resting peacefully and having the sweetest dreams! Danielle you are my sweetheart, my true love, my soulmate, my best friend! Danielle you are my everything! I'll cherish every moment we had together and that will give me strength in the loss of you! I love you to the moon and back times infinity! Always and forever!

Your true love always and forever, Terry.

“ Where do I begin to share all the memories of our sweet Danielle? There's so much I loved and admired about her - her pure, silly laugh, sense of humor, passionate, innocent, strong determined will and resilience. When she was a young child she would go to each person seated around the Thanksgiving table and give a shoulder massage. She was always caring towards others, offering music, meditations, and holistic therapies. Danielle loved playing games all throughout life, shooting pool, scrabble, cribbage, cards and often won. She had an amazing sense of direction and I can recall her leading us to her mom's parked car in a huge parking area. I still see Danieele as a child, running thru the mall with Jessica to buy school clothes, and fishing on the banks of the Suwannee River. I loved to watch her dance (as well as her idol, Paula Abdul). She knew how to dress up so pretty with makeup and hairdos and despite all the health issues, she came up smiling all the time. Daniielle endured more than any human being should have to. I miss her so much and only find peace that her long suffering is over. Forever loved and missed.
