“ I will always remember you as a sweet, warm and affectionate young man, my nephew Johnny. We did a lot of fun things together and you knew you could always count on me to get you through the tough times. I wanted so much for you to experience, but there just wasn't enough time. God put his arms around you, he knew your suffering would never get better on earth, so he closed your weary eyelids and took you home to a better place. You didn't go alone, you took part of all of us that love you, especially Peasy. Rest in peace dearest Johnny.

“ I will always remember you bub. To many, you may have seemed like this big bold tough guy but to those who really truly knew you, you were this soft loving person with a huge caring heart. You touch the lives of so many and your imprint will never be forgotten. I will always miss you bro. I will always miss you. You were and will still always be my best friend. May your soul rest in peace bub.

“ My big bro Johnny boy! My heart is so heavy right now! We shared so many childhood memories together, that I will always cherish and never forget! You could make me so mad and then have me cracking up laughing minutes later. I'll never forget when i fell out of the boat in the lake that we used to go fishing, and you drove off to act like you were going to leave me stranded, because I wouldn't give you my girlfriend's phone number lol.... You finally came back for me, only after I yelled her phone number out to you! I knew you would come back though lol. There are so many stories and great memories.... I could go on and on! Thank you for being a special part of my childhood bro! Though we grew up and had our own lives, you, Mike and Samantha will always be my family! You will be truly missed by all who

knew you! May you rest in forever paradise bro!

“ Big Brother, I love you beyond words. I will never forget the lengths you would go to put a smile and me and Michael’s face when we were little. You are forever in my heart and thoughts. I love you.

“ My tears flow down my face, in remembrance of you. 18-years of unconditional love, a smile that was bright as the sun. I called you answered, you called I answered. We laughed, cried, danced, fished, and cooked. This is not the end, only the beginning, we all will see you again. Memories of a lifetime, a man of GOD, love each other, love is never to have to say you are sorry. Blessings
