

## Josette Dorisma

October 26, 1976 - September 18, 2020

One night a man had a dream. He dreamed  
he was walking along the beach with the LORD.  
Across the sky flashed scenes from his life.  
For each scene he noticed two sets of  
footprints in the sand: one belonging  
to him, and the other to the LORD.  
When the last scene of his life flashed before him,  
he looked back at the footprints in the sand.  
He noticed that many times along the path of  
his life there was only one set of footprints.  
He also noticed that it happened at the very  
lowest and saddest times in his life.  
This really bothered him and he  
questioned the LORD about it:  
"LORD, you said that once I decided to follow  
you, you'd walk with me all the way.  
But I have noticed that during the most  
troublesome times in my life,  
there is only one set of footprints.  
I don't understand why when  
I needed you most you would leave me."  
The LORD replied:  
"My son, my precious child,  
I love you and I would never leave you.  
During your times of trial and suffering,  
when you see only one set of footprints,  
it was then that I carried you."

“ What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch. We may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget. May God comforted you guys and give you all the courage you may need. From Shelda Denis
